

STRONGHOLD CENTER

SPRUCE UP DAY

We need your help to continue to make Stronghold's grounds and woods a place where people can come together to enjoy each other's company and to reflect on the beauty of God's creation. Our main work project this time will be clearing limbs, trees and brush near the ropes course and preparing some flower beds.

Plan on joining others from around Blackhawk Presbytery this May at Stronghold for a day of work and fun. More information is available at (815) 732-6111 and on the website.
